

## Delta Dental of Illinois Foundation

### Grantee Interim/Final Report

Delta Dental of Illinois Foundation's Grants Committee and Board of Directors regularly evaluate our Community Grants Program and the impact of its funding on oral health for Illinois children. In order to guide our future grant-making efforts, the Foundation requires you to submit a final report at the completion of your project or by February 15, 2017 in the year following your grant award. **However, if you are submitting a grant proposal and have not yet completed your project, an interim report must be included with your application.** This will assist the committee in evaluating your grant application. A final report will still need to be completed and submitted by the due dates listed above.
